## INSTRUCTIONS

1. Paint the face, tip of the tail, outside of the ears, and the chest with 3 coats of Sahara.
2. Use a small brush to paint the inside of the ears with 3 coats of Honeycomb.
3. Paint the rest of the head with 3 coats of Cinnamon Stick. When you get to the ears, sweep a liner brush with Cinnamon Stick up onto the back of the ear to help the ear blend with the body.
4. Paint the rest of the body with 3 coats of Cinnamon Stick except for the front paws.
5. Use a medium brush to paint in the top part of the hat with 3 coats of Red Rocks. We are going to leave the trim and ball of the hat unpainted. They'll be white and shiny after firing.
6. Use a small brush to paint the front paws with 3 coats of Mississippi Mud. Take a liner brush and load it with the Mississippi Mud and sweep it from the paws up the legs.
7. Fill in the scarf with 3 coats of Olive You.
8. Use a detail brush to apply 3 coats of Mississippi Mud to the eyes, and nose. Then apply a mouth with the liner brush.
9. Paint on the eyebrows with a liner brush and Cinnamon Stick.
10. Dip the handle of a small brush into Snowflake paint and tap the highlight on the eye.
11. Add a little water to Snowflake paint. Dip a medium brush into the paint and pull the bristle back to flick white spots to the top of the hat.

## TIPS

- Three coats of paint will give you solid colors.
- You can cover the entire piece with the "snow" spots or just the hat.
